UNIVERSITY OF COLORADO SOM TEACHING RECORD

School of Medicine Courses

1. Urology Elective, 2014 – Present, this is a 6-month elective for SOM students, MS1, MS2.
2. Foundations of Doctoring, University of Colorado School of Medicine, 2013 – Present, this is a preceptorship for SOM students, MS1, MS2.
3. Bladder and Micturition, Cardiovascular, Pulmonary, Renal Course Number IDPT5005 A, University of Colorado SOM, Denver, Colorado, May 2006 - May 2019.
4. Life cycles lecturer, University of Colorado School of Medicine, 2007, Lecture on Lower Urinary Tract Function.

UNIVERSITY OF COLORADO SURGERY/UROLOGY GRAND ROUNDS

1. *Recurrent UTI: Prevention using natural therapies.* General Surgery Grand Rounds, University of Colorado SOM, Denver Colorado, April 2024.
2. *Passive devices for Male SUI surgery.* General Surgery Grand Rounds, University of Colorado SOM, Denver Colorado, May 2023.
3. *Posterior Urethral Stenosis (PUS) after prostate cancer therapy: Evaluation and management.* General Surgery Grand Rounds, University of Colorado SOM, Denver Colorado, May 2022.
4. *Urodynamics 101.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, November 2021.
5. *Management of posterior stenosis after prostate cancer therapy.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, May 2021.
6. *The opioid crisis: Latest developments, impact on urologic pain management.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, April 2021.
7. *Urodynamic findings in patients with neurogenic bladder dysfunction.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver,

Colorado, November 2020.

8. *Urodynamics, how I do it.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, October 2020.
9. *Management of male SUI.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, March 2020.
10. *Ileal ureteral interposition in patients with complex ureteral strictures.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, February 2020.
11. *Robotic ureteroplasty for upper and lower urinary tract stricture.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, March 2019.
12. *Surgical management of bladder neck contracture after BPH surgery.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, April 2018.
13. *Ureteral reconstruction: Case discussion.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, November 2017.
14. *Neurogenic voiding dysfunction: Failure to Store, Failure to Empty.* Urology Grand Rounds, University of Colorado SOM, Denver, Colorado, October 2017.
15. *Urodynamics 101.* Urology Grand Rounds, University of Colorado SOM, Denver Colorado, September 2017.
16. *Female pelvic medicine and reconstructive surgery case presentations.* Urology Grand Rounds, University of Colorado SOM, Denver, Colorado, March 2017.
17. *Neurogenic voiding dysfunction, for the basic scientist.* Surgical Biology Dialogue, University of Colorado SOM, Denver, Colorado, December 2016.
18. *Ureteral reconstruction.* Urology Grand Rounds, University of Colorado SOM, University of Colorado SOM, Denver, Colorado, November 2016.
19. *Contemporary Management of Neurogenic Voiding Dysfunction: Failure to Store, Failure to Empty.* Urology Grand Rounds, University of Colorado SOM, Denver, Colorado, October 2016.
20. *Surgical Management of Anterior Urethral Stricture Disease: New Techniques for Your Practice.* General Surgery Grand Rounds, University of Colorado SOM, Denver Colorado, October 2016.

21. *Urodynamics primer*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, September 2016.
22. *Management of Complications from Prostate Cancer Therapy: Posterior Urethral Stricture and Rectourethral Fistula*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, April 2016.
23. *Management of complications from female SUI surgery*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, February 2016.
24. *Surgical Management of Ureteral Injury from Pelvic Surgery*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, April 2015.
25. *Surgical Management of Anterior Urethral Stricture Disease: New Techniques for Your Practice*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, February 2015.
26. *Management of Female Stress Urinary Incontinence (SUI) 2015*. Surgery Grand Rounds, University of Colorado SOM, Denver Colorado, January 2015.
27. *Physiology of the Lower Urinary Tract dysfunction in Multiple Sclerosis*. Neurology MS Education Meeting, University of Colorado SOM, Denver Colorado, August 2014.
28. *Physiology of the Lower Urinary Tract*. Urology Grand Rounds. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, August 2014.
29. *Surgical Management of Female SUI: Pubovaginal Sling and MUS*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, March 2014.
30. *New Techniques in Anterior Urethroplasty*. Urology Grand Rounds. University of Colorado SOM, Denver Colorado, February 2014.
31. *Transvaginal Mesh Medical Device Controversy 2014*. Urology Grand Rounds, University of Colorado SOM, Denver Colorado, February 2014.

1. P130018/PAS001: POST Approval Study Plan of the ProACT Adjustable Continence Therapy for Men. Industry sponsorship, multi-institutional study, Uromedica, Plymouth, Minnesota. COMIRB Protocol #22-0802 Principal investigator 2023-present, amount =.
2. PUM08: A Clinical Investigation of the Adjustable Continence Therapy (ACT) for Female Stress Urinary Incontinence Due to Intrinsic Sphincter Deficiency. Industry sponsorship, multi-institutional study, Uromedica, Plymouth, Minnesota. COMIRB Protocol #22-0805 Principal investigator 2023-present, amount =.
3. Boston Scientific AUSCO – 21-2959: Artificial Urinary Sphincter Clinical Outcomes and Safety. Industry sponsorship, multi-institutional study, Boston Scientific, Boston, Massachusetts. Principal investigator 2022-present, amount =.
4. Cook Myosite Phase III 15-06-03-US: Adaptive Design Study of Autologous Muscle Derived Cells Compared to Placebo for Female Urinary Sphincter Repair

- (CELLEBRATE). Industry sponsorship, multi-institutional study, Cook, Pittsburgh, Pennsylvania. Principal investigator 2019-present, amount =.
5. Boston Scientific AUSCOS – U0669: Artificial Urinary Sphincter Clinical Outcomes and Safety. Clinical events committee member. Responsible for adjudication of pre-specified events as they occur. November 2019- 2022.
 6. Covance D-FR-52120-222: A phase III, multi-centered, randomized, double blind, parallel group, placebo controlled study to assess the efficacy and safety of one or more intradetrusor treatments of 600 or 800 units of dysport for treatment of urinary incontinence in subjects with neurogenic detrusor overactivity due to spinal cord injury or multiple sclerosis. Industrial sponsorship, multi-institutional study, Covance, Nashville, Tennessee. Principal investigator 2016-2020, amount = \$125,000.
 7. COMIRB #13-2482: Improving bladder care for patients with multiple sclerosis. University of Colorado Denver. Co-investigator November 2013-2019.
 8. Allergan 191622-117: BOTOX® for the Treatment of Urinary Incontinence due to Neurogenic Detrusor Overactivity in Patients with Multiple Sclerosis 191622-117. Industrial sponsorship, multi-institutional study, Allergan, Irvine, California. Principal investigator 2014-2015, amount = \$147,500.
 9. Swan Valley Medical. COMIRB Protocol 14-0378: T-SPeC Suprapubic Catheter Device. Industrial sponsorship, single-institution study, Swan Valley Medical, Bigfork, Montana. Principal investigator 2014-2015, amount = 50 units donated to University of Colorado Hospital @ \$695 = \$34,750.
 10. Diabetic complications of Lower Urinary Tract Symptoms: Effect of Diabetes on bladder functions in a partial outlet obstructed mouse model. Seed Grant, Department of Surgery, University of Colorado Denver. Principal investigator 2009, amount = \$25,000.
 11. Biochemical alterations in partial bladder outlet obstruction in mice: Upregulation of the MAP kinase pathways. Seed Grant, Department of Surgery, University of Colorado Health Sciences Center. Principal investigator 2006, amount = \$50,000.
 12. Biochemical alterations in bladder outlet obstruction: The use of transgenic mice as an experimental Tool. Seed Grant, Department of Surgery, University of Colorado Health Sciences Center. Principal investigator 2005, amount = \$50,000.
 13. Mechanisms of bladder hypertrophy due to bladder outlet obstruction. Dean's academic research fund, University of Colorado Health Sciences Center. Principal investigator 2004, amount = \$50,000.

14. Early molecular changes associated with partial bladder outlet obstruction. Mowad research fund, Geisinger Heath Center. Principal investigator 1999, amount = \$75,000.
