

CURRICULUM VITAE

M. Sherif Said M.D, Ph.D.

Commonwealth of Pennsylvania unrestricted medical license MD-067149-L (inactive)
State of Colorado unrestricted medical license 39281 (active)

Work Pathology department
University of Colorado at Denver
Anschutz inpatient Pavilion, mail Stop F768
Room 3014
12605 East 16th Avenue
P.O box 6510
Aurora, Colorado 80045

Tel: Office (720) 848-4423
Fax: (720) 848-4454

E-mail: Sherif.Said@UCdenver.edu

Qualifications and Board certifications:

- **Diplomate, American Board of Cytopathology** **2006**
- **Diplomat, American Board of Anatomic Pathology** **2002**
- **Ph.D. in anatomy (neuroscience) from the Medical College Of Virginia, VCU at Richmond, Virginia** **1993**
- **E.C.F.M.G permanent certification (F.M.G.E.M.S)** **1993**
- **Federal licensing examination (FLEX)** **1993**
- **Primary fellowship of the Royal College of Surgeons of Glasgow, U.K** **1984**
- **United Kingdom physician licensing examination England, U.K** **1980**
- **M.B, B.ch from Ain-Shams University medical school Cairo, Egypt** **1977**

PRESENT POSITION FELLOWSHIPS & RESIDENCY IN PATHOLOGY

**M. Sherif Said M.D, Ph.D.
University of Colorado at Denver**

Present Position:

**Associate professor of Pathology
Director Head and Neck pathology
University of Colorado Health Sciences Center and affiliated hospitals
Denver, Colorado**

2008 - Present

**Assistant professor of Pathology
Director of Head and Neck pathology
University of Colorado Health Sciences Center and affiliated hospitals
Denver, Colorado**

January 2001- 2007

Fellowships and Residency:

- **Residency at Jackson Memorial Hospital / University of Miami Medical Center, Miami, Florida**

July 1993 - June 1999

- **Cytopathology Fellowship, Jackson memorial hospital / University of Miami medical center, Miami, Florida
(Directors: Dr. M. Nadji and P. Ganjei)**

July 1997 - June 1998

- **Head and Neck Surgical Pathology Fellowship at the Presbyterian Hospital University of Pittsburgh medical center, Pittsburgh, Pennsylvania
(Director: Dr. L. Barnes)**

July 1999 – December 2000

CLINICAL EXPERIENCE

M. Sherif Said M.D, Ph.D.
University of Colorado at Denver

Previous Clinical Experience

- 1999 –2000** **Presbyterian hospital,
University of Pittsburgh medical school, Pittsburgh, PA
Head and Neck surgical pathology fellow**
- 1997 - 1998** **Jackson memorial hospital,
University of Miami medical school, Miami, FL
Cytopathology fellow**
- 1993 – 1999** **Jackson memorial hospital,
University of Miami medical school, Miami, FL
Resident in pathology**
- 1988 – 1993** **Medical College of Virginia, VCU
Department of Anatomy, Richmond, VA
Pre-doctoral fellow**
- 1986 – 1987** **Dunedin hospital, Otago University medical school, Dunedin,
New Zealand.
Registrar in otolaryngology / Tutor in Anatomy**
- 1980 – 1985** **North Manchester general hospital & affiliated NHS hospitals
Otolaryngology rotational training, Manchester, United Kingdom
Resident in Otolaryngology**
- 1978 – 1979** **Ain-Shams University hospitals, Cairo, Egypt
Intern**

TEACHING EXPERIENCE

M. Sherif Said M.D, Ph.D.
University of Colorado at Denver

Teaching Experience:

- | | |
|-----------------------|---|
| 2002 - Present | Director of general and special pathology course for dental students. University of Colorado Dental School |
| 2001 – Present | Teaching assignments in medical student pathology course. University of Colorado medical school |
| 2001 – 2002 | Teaching head and neck pathology and urinary pathology to physician assistant program (Chas)/ U.C |
| 2001- Present | Teaching sessions of head and neck pathology to ENT residents. University of Colorado |
| 2005 – Present | Thyroid fellows two weekly conferences and thyroid oncology conference |
| 1996 – 1999 | General and systemic pathology course
University of Miami medical school
Miami, Florida |
| 1996 - 1997 | Cardiac pathology courses
University of Miami medical school
Miami, Florida |
| 1989 | Histology and gross anatomy course,
Medical college of Virginia,
Richmond, Virginia |
| 1986 – 1987 | Gross anatomy courses
Medical school, University of Otago,
Dunedin, New Zealand |

1986 - 1987

**Methods of E.N.T clinical examination
Dunedin hospital, University of Otago
Dunedin, New Zealand**

HONORS & AWARDS

**M. Sherif Said M.D, Ph.D.
University of Colorado at Denver**

Honors and awards

- **Basic Health Sciences Pre-doctoral research fellowship award of the Medical College of Virginia, August 1988 - May 1993**
- **The Walter Riese memorial award for outstanding graduate student in neuroscience of the basic science school, Medical College of Virginia, 1991-1992**
- **Virginia Governor's school commendation for outstanding service and dedication, 1990**
- **Chairman (elected), Medical College of Virginia International Student Activities Committee, 1991**
- **Graduate student representative, Ph.D. candidate's admission committee, Basic Science School, anatomy department, Medical College of Virginia, 1991 & 1992**
- **Medical school Class 2003 recognition for excellence as a mentor and instructor in seminar teaching 2000-2001**
- **Dental School class 2005 recognition for excellence as course director – General pathology 5514 academic year 2001-2002**
- **Dental School class 2005 recognition for excellence as course director – Organ pathology 5516 academic year 2001-2002**
- **Otolaryngology Residents Appreciation Award 2002**
- **Dental School class 2006 recognition for excellence as course director – Organ pathology 5516 academic year 2002-2003**
- **Dental School class 2006 recognition for excellence as course director – Organ pathology 5516 academic year 2002-2003**

- **Dental School class 2006 recognition for excellence in teaching – General pathology 5514 academic year 2002-2003**

HONORS & AWARDS (continued)

- **Dental School class 2008 recognition for excellence in Teaching – Organ pathology 5516 academic year 2004-2005**
- **The 8th international Cancer survival conference commendation for participation as an invited speaker, Topic: Diagnostic issues in thyroid cancer. October 2005.**
- **Dental School class 2008 recognition for excellence in Teaching – general pathology 5514 academic year 2004-2005**
- **Dental School class 2009 recognition for excellence in Teaching – general pathology 5514 academic year 2005-2006**
- **Dental School class 2009 recognition for excellence in Teaching – organ pathology 5516 academic year 2005-2006**
- **Dental School class 2010 recognition for excellence in Teaching – general pathology 5514 academic year 2006-2007**
- **Dental School class 2010 recognition for excellence in Teaching – Organ pathology 5516 academic year 2006-2007**
- **Dental School class 2011 recognition for excellence in Teaching – general pathology 5514 academic year 2007-2008**
- **Dental School class 2011 recognition for excellence in Teaching – Organ pathology 5516 academic year 2007-2008**
- **The William Hammond excellence in teaching award 2009**
- **The Summit award for excellence in teaching and the education of pathologists 2009**
- **Included in Marquis's Who's Who in America 64th edition 2010.**

NATIONAL RESENTATIONS & PROFESSIOAL SOCIETIES

M. Sherif Said M.D, Ph.D.
University of Colorado at Denver

National meetings presentations

- Invited speaker, Investigator's meeting for anaplastic carcinoma clinical trial, topic; diagnostic challenges in anaplastic carcinoma of the thyroid.

Scottsdale, Arizona, February 2010

- American Thyroid Association 80th meeting, FoxP3 regulatory T Lymphocytes are associated with more aggressive papillary thyroid cancer. Poster presentation. Joint effort with the Endocrinology department.

Palm Beach, Florida September 2009

- Invited Speaker, Medical college of Virginia pathology grand rounds: "New and unusual entities in salivary gland pathology"

Richmond, Virginia, March 2009

- Invited Speaker, Thyroid cancer symposium: the science and treatment of thyroid cancer. Topic: Fine Needle Aspiration of thyroid, Interpretation and categories.

Denver, Colorado September 2007

- The American Rhinological Society meeting: Endoscopic resection of sphenoid sinus Teratocarcinosarcoma. Poster presentation. A joint Effort with ENT department.

Washington DC September 2007

- The American Rhinological Society meeting: Poster Presentation: Leiomyosarcoma of the Sphenoid Sinus. A joint effort with the ENT department

Toronto, Canada, September 2006

- The 8th international cancer survival conference: Invited speaker, Topic: diagnostic issues in thyroid cancer.

Denver, Colorado October 2005

- **The American Rhinologic Society meeting: Poster Presentation: Phosphaturic tumor of the nasal cavity. A joint effort with ENT dept.**

Los Angeles September 2005

Presentations & Professional societies (continued)

- **The AAO-HNS Annual meeting: Poster presentation Topic: Papillary adenocarcinoma with oncocytic features arising from the ethmoid sinus. Joint effort with ENT dept.**

New York, NY September 2004

- **The American Rhinologic Society meeting: Poster presentation topic: Angiogenic squamous dysplasia. Joint effort with ENT dept.**

Phoenix, AZ April 2004

- **The American association of cancer research: Poster presentation Topic: “Potential molecular therapeutic targets in esophageal squamous cell carcinoma”**

Toronto, Canada April 2003

- **The United States and Canadian Academy of Pathology: Poster Presentation Topic: “PGL1 & PGL2 Mutation independently confirms the diagnosis of sporadic and familial paraganglioma”**

Atlanta, Georgia March 2001

- **The United States and Canadian Academy of Pathology: Platform Presentation
Presenter Topic: “Mutation inactivation Correlates with survival in salivary duct carcinoma”**

Atlanta, Georgia March 2001

- **The Colorado Health sciences center Pathology Department, Invited Speaker**

Presenter Topic: “Evaluation of Cystic Neck masses in pathology”

Denver, Colorado, October 2000

- **The American Society of Cytopathology. Platform presentation**

Presenter Topic: “Diagnostic value of FNA cytology in the evaluation of neoplastic and nonneoplastic salivary gland lesions”

Nashville, Tennessee, November 1998

- **The American Society of Cytopathology. Poster presentation**

Topic: “Diagnostic accuracy of FNA cytology in the classification of clinically undefined neck masses”.

Nashville, Tennessee, November 1998

Presentations & Professional societies (continued)

- The Fifth research workshop on the biology, prevention, and treatment of head and neck cancer. Poster presentation

Topic: “Tumor markers in squamous cell carcinoma of the larynx”

Washington D.C, August 1998

- The Joe Davis center for forensic studies / medical examiner department for Dade County (invited speaker)

Presenter Topic: “Patterns of trauma in ancient Egypt”

Miami, Florida, April 1997

- University of Miami pathology grand rounds

Presenter Topic: “Medicine in ancient Egypt”

Miami, Florida, May 1997

- Otolaryngology department grand rounds UM/JMC (invited speaker)

Presenter Topic: “Neck masses and sarcomas of the head and neck”

Miami, Florida, December 1997

- The MCV department of anatomy “outstanding graduate student” presentation

Presenter Topic: “Platelet-Endothelial interaction within the cerebral microcirculation”

Richmond, VA, January 1993

- The New Zealand otolaryngology association (invited speaker)

Presenter Topic: “Noise induced hearing loss”

Dunedin, New Zealand, July 1987

Professional societies (past and present)

- College of American Pathologists
- American Society for Clinical Pathologists
- South Florida Society of Pathologists

- American pathology foundation

Professional Activity in Surgical Pathology /Cytopathology:

- Southern Medical Association
- Medical college of Virginia Alumni Association
- American Medical Association
- Member, faculty Senate, School of Medicine, 2005-2006, 2006-2007 & 2007-2008
- Pathology Department representative for Head and Neck Weekly Conference, University of Colorado Health Sciences Center. 2001- Present
- Pathology department representative in the thyroid cytology biweekly review 2003 – present
- Pathology department representative in the EUS bimonthly cytology review conference 2007 - present
- Member, “CAP inspection team” for lab accreditation in anatomic and clinical pathology. Platt View Medical Center, Brighton, Colorado, May 2005.
- Pathology department representative in monthly Otolaryngology, Head and Neck surgery Teleconference with other ENT departments in the State of Colorado 2001-2003
- Pathology department representative for Liver case review weekly conference, University of Colorado Health Sciences Center. 2001
- Pathology department representative for monthly Endocrine conference 2002 – present
- Member, Eye and Ear institute Tissue and Procedure Review Committee, UPMC, Pittsburgh, Pennsylvania 1999-2000
- Pathology department representative for head and neck tumor board weekly conference, Eye and Ear institute, UPMC, Pittsburgh, PA 1999-2000
- Member, “CAP inspection team” for lab accreditation in anatomic and

cytopathology, Naples Medical center, Naples, FL 1999

Professional Activity (continued)

- Pathology department representative for Head and Neck tumor boards weekly conference, Sylvester cancer center and Jackson memorial hospital, Miami, Florida 1995-1999
- Pathology department representative for Breast tumor board weekly conference, Sylvester Cancer Center and Jackson Memorial Hospital, Miami, Florida 1997-1998
- Pathology department Co-representative for OB/GYN tumor boards weekly conference, Jackson Medical Center, Miami, Florida 1997-1998

Clinical Trials, pathologist:

- **OXCIGENE Study (OXC424-302):** Multicenter, randomized, Phase II/III study to evaluate the safety and efficacy of Combaetastatin A-4 Phosphate in combination with paclitaxel and carboplatin in comparison with paclitaxel and carboplatin against anaplastic thyroid carcinoma. Central reviewing Pathologist for cases review from outside the United States (Europe, Africa and Asian trial centers) contracted through the University by OXCIGEN MEDICAL COMPANY, ongoing.
- Principal pathology consultant in assessing lower esophageal mucosal resection new technique trials with hybrid knife at the University of Colorado. Concluded first assessment 2009. Second Phase trial starts 2010.
- Pathology consultant in Gastroesophageal junctional Device implantation for GERD / anti reflux Study. Concluded 2008
- A phase I trial of Gefitinib in combination with radiation or chemoradiation for patients with locally advanced squamous cell head and neck cancer. University of Colorado. Reviewing Pathologist. Concluded 2007.

PUBLICATIONS

M. Sherif Said M.D, Ph.D.
University of Colorado at Denver

Editorship:

- Chief Editor: Head and Neck / thyroid section of the e-medicine pathology book
- Managing Editor: ENT e-medicine pathology section

Book Chapters:

- “The Oral Cavity” chapter in the “Principles and Practice of Surgical Pathology and Cytopathology” Greer R / Said S; Silverberg editor. Publisher Churchill Livingstone in the (2005 Edition)
- “The Solitary Thyroid Nodule” chapter in “clinical management of thyroid disease” Haugen B / Said S. Wondisford editor. Publisher Saunders / Elsevier. Published June 2009.
- HEAD & NECK and THYROID pathology book section of the “e-Medicine Text Book of Pathology on Line” Section Chief Editor. Dr. T. Wheeler Editor in Chief of the book, e-medicine online publication. Ongoing.
- Head and Neck Chapter in the “year book of pathology and laboratory medicine 2010. Stephen Raab, Anil V. Parwani, Pablo A. Bejarano and Michael G. Bissell Editors. Elsevier Mosby. Philadelphia, Penn. Ongoing

Doctoral Thesis:

- Platelet-Endothelial interaction within the cerebral microcirculation
Medical College of Virginia, Richmond, Virginia, May 1993

Abstracts:

- Gellman B, Said S, Schlein C, Wang Y, Kuluz J, Pinto A, Dietrich D: Functional and histopathologic outcome after cardiac arrest of various durations in infant piglets. THE JOURNAL OF NEUROSCIENCE, Abstract edition, topic no.146: October 1997

- **Said S, Gomez-Fernandez C, and Ganjei-Azar P: Diagnostic value of FNA cytology in the evaluation of neoplastic and non-neoplastic salivary gland lesions.**
ACTA CYTOLOGICA September-October 1998, Vol. 42: P 1222-1223

Publications (continued)

- **Said S, Gomez-Fernandez C, and Ganjei-Azar P: Diagnostic Accuracy of FNA Cytology in the Classification of undefined neck masses.**
ACTA CYTOLOGICA September-October 1998, Vol. 42: P 1274-1275
