

## Connie Savor Price, MD, MBA

### Executive Profile:

Visionary and collaborative physician leader with over 20 years of progressive senior leadership experience in an \$1.3 billion (net position) integrated academic safety net health system. I bring a proven track record of success as its Chief Medical Officer, reporting directly to the CEO. I have demonstrated exceptional skill in leading teams through change and creating structures that enhance the physician's and provider's ability to improve quality, safety, and patient experience. Committed to achieving results, I translate broad organizational goals into actionable steps, while exhibiting strong business acumen and ethical integrity. As an academic leader and a medical educator, I have excellent communication skills, flexibility, and the ability to multitask in a dynamic environment, and am adept at partnership building with a diverse range of stakeholders.

### Education:

INSTITUTION AND LOCATION	DEGREE	YEAR(s)	FIELD OF STUDY
Beloit College, Beloit, WI	B.S.	1987-1991	Biochemistry
Northwestern U. Medical School, Chicago, IL	M.D.	1991-1995	Medicine
McGaw Medical Center of Northwestern U., Chicago, IL	Residency	1995-1998	Internal Medicine
National Institutes of Health, National Institute of Allergy and Infectious Diseases, Bethesda, MD	Fellowship	1998-2000	Infectious Diseases

University of Denver Daniels College of Business, Denver, CO	M.B.A	2021-2022	Business

### Professional Experience:

#### **Chief Medical Officer, Denver Health and Hospital, Denver, CO**

#### **2015 – Present**

*I provide strategic leadership, foster partnerships, facilitate technology adoption, optimize clinical efficiencies, and nurture critical relationships while ensuring success of our academic mission for a multispecialty provider group that sees 1.2 million total patient visits per year. I have oversight of the medical staff office, its 1700 provider members, and payer contracting and enrollment. Denver Health is an \$1.3 billion (net position) integrated urban safety net health system comprised of a 555-bed hospital, 10 health centers, 19 school-based clinics, 4 urgent cares, and a level one trauma center with a renown emergency department seeing 208,000+ visits per year, in addition to housing its own medical plan, call center, public health institute, and 911 response for the city.*

## Key Achievements:

- Redesigned the medical staff structure at Denver Health to enhance engagement. Before 2015, the medical staff executive committee was comprised only of appointed department directors, without a formal credentialing committee or a peer review committee. Together with other physician executives, I revised the bylaws to create a wholly elected medical staff that was among the nation's first to include advanced practice professionals as members.
  - Created a credentialing committee that reviews “red flags” identified by the medical staff office. Files are reviewed and vetted in a compliant and structured manner by a committee of peers.
  - Created a peer review committee that reviews cases submitted by hospital risk management, compliance, or department heads when there is concern about medical care by a specific physician or provider (versus systems-related issues).
- Founded the Medical Necessity Committee to better steward our charity care dollars at Denver Health. Formed a volunteer multi-disciplinary physician committee to review requests for high-cost elective charity care. Developed an electronic process for our physicians to request and for our committee the review cases of greatest need through our electronic medical record. This efficient process is estimated to have saved hundreds of thousands in excess uncompensated procedure-related costs each year, while still upholding Denver Health’s mission.
- Reduced Out of County Uncompensated Care Costs. In January 2023, tasked by CEO to address the spiraling costs of uncompensated care provided to patients who reside outside our service area. Since my launch of the initiative, our cost of uncompensated care to non-Denver County residents has decreased \$6 million versus prior year, which is the only decrease in uncompensated care recorded in our recent history (except for the 2020 during pandemic shutdowns).
- Established Provider Productivity Benchmarking at Denver Health. Developed a process to benchmark physician (both employed and contracting) and provider productivity. When I first reported data, only 10% of our departments functioned at target benchmarks. During my tenure, using the data to inform hiring and/or contracting decisions, >85% of our departments are now functioning at their target benchmarks (MGMA).
- Formed an Advanced Practice Provider (APP) Council to ensure our APPs a platform for peer support, mentoring, and decision-making. With a workforce that has grown to comprise 40% of our medical staff, improving their engagement within the organization through this platform has proven essential.
- Led large regional initiatives for disaster preparedness. My leadership in acquiring and advancing two large federally funded programs overseeing preparedness for HHS Region VIII is a testament to my ability to forge relationships and guide diverse stakeholders within complex technical and policy landscapes.
- Key medical leader for state and local public health during the COVID-19 pandemic. With my team, led the administration of 297,624 COVID vaccinations to 156,238 people during the first year of the pandemic, largely to Denver’s poorest and most disadvantaged neighborhoods; the only CO hospital to partner with the U.S. Military to administer monoclonal antibody treatments that help keep COVID patients out of the hospital; collaborated to create our virtual hospital at home program, allowing us to care for more patients when COVID numbers were surging; the first in CO to make a lab test for COVID-19 available in 2021.

- Negotiated and co-recruited fire- and hospital-based paramedic department leadership with the City of Denver that oversees 122,000+ 911 calls and 77,000+ transports each year.
- Created the Clinical Operations Leadership Team (COLT) structure that involved the department chairs in all matters of budgeting and operational decisions that resulted in improved performance.
- Worked with utilization management team to reduce length of stay index in acute care from an average of 1.12 to consistently achieve a target of 0.98.
- Represented my organization in over ~100 media appearances (including national/international) and at city council hearings; testified to CO state legislature and US congress on various matters of importance to healthcare.
- Currently leading the development of strategic partnerships with goal to generate additional revenue for the health system and expand network of providers available to our 133,500+ Medical Plan members.
- Recruited and retained 13 clinical department chairs.

**Associate Dean, University of Colorado School of Medicine, Aurora, CO  
2015 – Present**

*Provide leadership and administrative service to the School of Medicine as the Chief Medical Officer of its major affiliated health system, ensuring its contribution to the academic mission.*

**Key Achievements:**

- Conceptualized and created the Offices of Education and Research at Denver Health
- Recruited and retained our institution’s first Chief Research Officer and Chief Education Officer
- Created infrastructure that led to year over year increases in research, training, and service awards at Denver Health totaling almost \$100 million in 2023.
- Successfully negotiated house staff contract and resident salaries with the University through the Chief Education Officer each academic year
- Supported successful annual ACGME and Commission on Dental Accreditation surveys and accreditation visits.
- Navigated tense relationship within the department of Neurosurgery in 2016 that preserved Denver Health’s status as a level 1 trauma center.
- Jointly recruited key faculty with the School of Medicine

**Medical Director of Infection Prevention and Healthcare Epidemiologist, Department of Patient Safety and Quality, Denver Health and Hospital, 2002- 2015**

*Established and provided expertise, strategic direction, leadership, planning, organization, and general management for all aspects of our largest patient safety and quality program.*

**Key Achievements:**

- Instrumental in molding HB 1045, which requires CO hospitals to report healthcare associated infections for public reporting.
- Established a surveillance system for pathogens and syndromes of significance for situational awareness.
- Created a process for benchmarking rates of healthcare associated conditions at our institution.
- Published best practices in healthcare associated condition prevention and implementation strategies.
- Created Denver Health's first antibiogram and published data annually to promote cost efficient and medically appropriate prescribing of antibiotics.
- Founded the program that became one of the original Infectious Diseases Society of America Antimicrobial Stewardship Centers for Excellence Program
- Awarded in 2015 \$5M as a Regional Emerging Special Pathogens Treatment Center (RESPTC) for the Department of Health & Human Services Region VIII
- Consulted for national and international public health authorities on control of emerging infections.
- Turnaround of sterile processing department

#### **Chief, Division of Infectious Diseases (ID) Denver Health and Hospital, 2002- 2015**

*Built, mentored, and directed a team of ID specialists, collaborate with public health authorities, served as an attending physician on ID inpatient services, supervised healthcare practitioners and trainees, grew programs, drove research agenda, supported fellowship training and exceeded budget goals for the division.*

#### **Key Achievements:**

- Established the first hospital-based ID division at Denver Health
- Secured and managed \$20+M in grant funding during my tenure, including National Institutes of Health K and R awards, CDC, ASPR, as Principal Investigator and/or Co-investigator.
- Founded a musculoskeletal infection clinic and inpatient service to support Denver Health's trauma service line.
- Started an outpatient parenteral antibiotic therapy (OPAT) program to reduce inpatient bed days and improve patient experience.
- 280 speaking engagements at local/regional (149) national (111), international (20) on health Services, quality, disaster preparedness, stewardship, infectious diseases, and infection prevention topics over a 20-year period
- Served as a primary research mentor for over 15 trainees.
- Published >100 manuscripts in peer-reviewed scientific journals and presented over 150 competitive abstracts to national and international audiences.

#### **Certifications and coursework:**

- Certificate in Artificial Intelligence in Health Care, MIT Sloan, 2023.

## TEACHING RECORD

### Ward/Clinic Attending Duties

- Denver Health Infectious Diseases Inpatient Consult service: Supervision and bedside teaching of students, residents, and fellows. 3-6 months/year. 2002-2015
- Denver Health Internal Medicine Inpatient service: Supervision and bedside teaching of students and residents. 0-2 months/year. 2002-2015, 2021
- Denver Health Orthopedics-Infectious Diseases clinic: Supervision and teaching of fellows (intermittent). 6 - 96 half-day sessions/year 2003- 2015
- Denver Public Health Infectious Diseases/AIDS clinic: Supervision and teaching of students, residents, and fellows. 12-14 half-day sessions/year 2002-2004
- Denver Health Infectious Diseases Inpatient Consult service: Supervision and bedside teaching of students, residents, and fellows. 1-2 months/year. 2015-present

### Administrative Teaching Positions

- Denver Health Site Director, Fellowship in Infectious Diseases, University of Colorado School of Medicine. July 2002 – May 2015

### Teaching Roles

- Microbiology Small Group Sessions, University of Colorado School of Medicine, 2002-2014
- Infectious Diseases Case Conferences (weekly), 2002-2015
- Infectious Diseases Journal Club (monthly), 2002-2015

## **RESEARCH GRANTS AND CONTRACTS SUPPORT**

### Ongoing Grants and Contracts

EP-HIT-20-002 Price, Little 09/30/2020- 2021, 2022, 2023

#### **Partnership for Disaster Health Response Cooperative Agreement**

Role: Principal Investigator/ Executive Director

1 U3REP150541-01-00 Price 06/15- 6/20, 2021, 2022, 2023

#### **Hospital Preparedness Program (HPP) Ebola Preparedness and Response Activities Part B**

Role: Principal Investigator

5 U3REP170552-03-00 Price 6/15- 6/20, 2021, 2022, 2023

#### **National Ebola Training and Education Center (NETEC) Supplement**

Role: Principal Investigator

### Completed Grants and Contracts Support

1 K23 HD099925-01A1 Frost 07/2019-2024

#### **Rapid diagnostic tests for adenovirus conjunctivitis in children: An epidemiologic, clinical, and cost-effectiveness evaluation**

Role: Mentor

OT2HL161847-01 Horwitz; Katz; Troxel, (NYU) 10/1/2021- 5/23/2022  
**NIH Researching COVID to Enhance Recovery (RECOVER) Initiative: A Multi-site Observational Study of Post-Acute Sequelae of SARS-CoV-2 Infection in Adults.**  
Role: Local Principal Investigator

1 R01 AI116993-01 Price, Metzger 02/15- 02/20, 2/20-1/22, 2/22-1/22  
**Ultrarapid culture-independent detection of high-priority carbapenem resistant *Enterobacteriaceae* directly from blood**  
Role: Principal Investigator

Mapp Biopharmaceutical, Inc Price/ NETEC 5/18-6/19  
**An Expanded Access Treatment Protocol for Zmapp for Patients**  
Role: Local Principle Investigator

DMRDP Cooperative Agreement - DM110148 Price, Douglas 09/12- 09/15  
**Rapid Microbiological Diagnostics for MDRO Quantitative Identification and Resistance Phenotyping to Guide Antibiotic Selection in Wounded Warriors and Veterans**  
Role: Co-Principal Investigator

CDC (DHQP) and NIOSH and VHA Radonovich and Perl (PI) 09/11-09/15  
**Respiratory Protection Effectiveness Clinical Trial (ResPECT) study**  
Role: Local Principal Investigator

CMMI Savitz (PI) 12/11-12/15  
**Hospital Engagement Network (HEN)**  
Role: Subject Matter Expert/Site Lead

Rebiotix Inc 10/13- 4/14  
**A Phase 2 Open-label Clinical Trial Demonstrating the Safety of RBX2660 Rebotix Suspension for the Treatment of Recurrent Clostridium difficile-associated Diarrhea (CDAD)**  
Role: Local Principal Investigator

Medimmune Inc Perl (PI) 6/13-12/13  
**HAI infection among surgical and ICU patients; implications for therapeutic interventions**  
Role: Local Principal Investigator

Center for Medicare and Medicaid Innovation (CMMI) Mackenzie (PI) 12/12-12/13  
**High Value Healthcare Collaborative- Sepsis Improvement Project**  
Role: Consultant

HHS 290200600015I Harris (PI) 08/11-10/12  
**Task Order No. 5 Effect of the Use of Universal Glove and Gowning on Healthcare Associated Infection Rates and Antibiotic Resistant Bacteria (BUGG study)**  
Role: Local Principal Investigator

Accelerate Diagnostics Price (PI) 12/07- 09/12  
**Development of Rapid Microbiology Techniques Using Leftover Human Specimens.**  
Role: Principal Investigator

LARRK Foundation Young (PI) 07/10-06/12  
**The LARRK Foundation Fellowship in Infectious Diseases at Denver Health**  
Role: Mentor T

DAP-RENSE-08-05 Cubist Pharmaceuticals 05/10- 05/11

**A Prospective, Multicenter, Randomized, Evaluator-Blinded, Comparator-Controlled Study To Describe The Safety And Efficacy Of Daptomycin For The Treatment Of Complicated Skin And Skin Structure Infections (cSSSI) And *Staphylococcus aureus* Bacteremia Among Subjects With Moderate Or Severe Renal Impairment.**

Role: Local Principal Investigator

ACAM-CDIFFTM - H-030-011 Sanofi Pasteur 1/10- 1/12  
***Clostridium difficile* Toxoid Vaccine – A Phase II Randomized, Placebo-controlled, Double-blind, Dose Ranging Study to Assess the Immunogenicity and Safety of a *Clostridium difficile* Toxoid Vaccine (ACAM-CDIFF) in Subjects With *Clostridium difficile* Infection (CDI)**

Role: Local Principal Investigator

Peramivir BCX1812-301 Quintiles BioCryst Pharmaceuticals 12/09-12/11  
**A Phase 3, Multicenter, Randomized, Double-Blind, Controlled Study To Evaluate The Efficacy And Safety Of Peramivir Administered Intravenously In Addition To Standard Of Care Compared To Standard Of Care Alone In Adults And Adolescents Subjects Who Are Hospitalized Due To Serious Influenza**

Role: Local Principal Investigator

MP-2009-B MicroPhage MicroPhage 09/09- 03/10  
**Prospective Study into the performance of the MicroPhage *S. aureus*/MSSA/MRSA test direct from blood culture positives**

Role: Local Principal Investigator

AHRQ Primary Care Based Research Network West (PI) 8/09-9/12  
**Reducing Inappropriate Prescribing of Antibiotics by Primary Care Clinicians**

Role: Task Order Lead

AHRQ ACTION Research Network Price, Savitz (PI) 8/09- 10/11  
**Improving the Measurement of Surgical Site Infection (SSI) Risk Stratification and Outcome Detection**

Role: Co-Principal Investigator

Denver CTSA Co-Pilot Grant Price, Douglas (Co-PI) 2/09-2/11  
**Rapid bacterial identification and antibiotic resistance testing in critically ill adults at risk for ventilator acquired pneumonia.**

Role: Co-Investigator

AHRQ PBRN HHSA-290-2007-10008 West (PI) 9/08-09/10  
**Community Acquired Methicillin-Resistant *Staphylococcus aureus***

Role: Consultant

Orthopaedic Trauma Association Saveli (PI) 9/08-9/10  
**The Role of Antibiotics in Open Fractures Revisited: Characteristics of *Staphylococcus aureus* and Susceptibility Profile**

Role: Mentor/Co- Principal investigator

DAP-4IE-06-03 Cubist Pharmaceuticals 08/08- 08/12  
**A Phase 4 Multicenter, Randomized, Double Blind Study to Describe The Efficacy and Safety of Cubicin® (Daptomycin For Injection) With And Without Initial Gentamicin Combination Therapy In The Treatment Of *Staphylococcus aureus* Infective Endocarditis**

Role: Local Principal Investigator

CU Butcher Award Pace (PI) 07/08-07/10  
**Impact of Microbial Ecology on Human *Staphylococcus aureus* Carriage**

Role: Co-investigator
